By clicking in the service “TUTORING” (only in this service) ...

In the profile of the person offering the service will show “ONLINE TUTORING AVAILABLE”, and if that person is selected and the person who wants to get a class via ZOOM, there must be an option to book that space in their calendars and provide any sort of link to or password that can link to the video call the time was agreed.

Also, once clicking this service, at top of the list of all profiles available, there should be a “SEARCH TUTORING” button, and once the word is ready to search, all the people offering that particular class will show up.
